

Korean War Project Update November 14 1999
<http://www.koreanwar.org>

Hello to all! This week Scripps Howard released an important story about our former POW's from Korea. It is featured below as a link back to our web site.

I decided to include links to the March AP story which ran all around the world from March to May so new visitors can see what this online community is all about.

You may re-broadcast this message to your personal e-mail chain.
